

Sump sweeper piping

Water treatment and filtration equipment

Key benefits

- Improved filtration system performance
- Year-round system hygiene
- Less equipment cleaning
- Prevents under deposit corrosion

For optimal cooling performance and maximum system hygiene install also

- an automatic [bleed control](#) (BCP 0 C)
- water treatment equipment for [liquid](#) (BCP 2 C) or [solid](#) (Easy Treat) chemicals
- a [filtration](#) system (PF 64 separator or media filter)

A sump sweeper piping system **increases water circulation and agitation** in the basin and is designed to be used in combination with a [filtration system](#).

Sump sweeper piping can be **factory-installed** or **retrofitted** on-site.

Want to install sump sweeper piping? Contact your local [BAC representative](#) for more information.
