

S3000E >>> Retrofit Opportunities

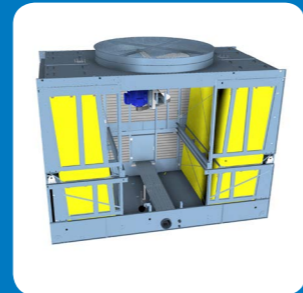

External platform with ladder & casing railing

Removable fill with telescopic supports

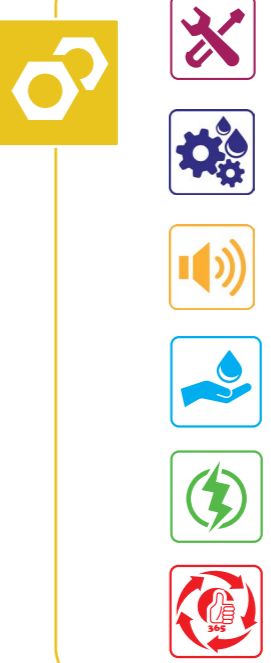

Recovery fan stacks

High temperature execution CPVC BACross 2 fill

Oversized motor & Drive set

Improve maintenance and accessibility

Enhance operational safety

Reduce sound emission

Save water

Save energy and increase performance

Increase reliability

Internal walkway

Distribution basin covers

BCP automatic bleed control

Separator

Basin sweeper piping

Whisper Quiet Fan & Low noise fan

Intake & discharge attenuation

Internal platform with ladder

Clean out port

Gear drive system with close coupled motor

Gear drive system with externally mounted motor

Vibration cut out switch

Heater package

Electric water level control package
